

The background is a rich, textured painting. It features a dense arrangement of leaves in various colors including yellow, pink, blue, and green, set against a deep blue background. Several birds are depicted in flight: a large bird with brown and white wings in the upper right, a smaller bird in the center, and a hummingbird in the lower right. The overall style is expressive and colorful, suggesting a lush, fantastical garden.

HAZEL TRIVELLI

AN EVERLASTING GARDEN
